

The Official Guide to the General Test: An In-Depth Exploration of the GRE General Test

The GRE General Test is a standardized test that is required for admission to most graduate schools in the United States. The test measures three main skills: verbal reasoning, quantitative reasoning, and analytical writing. The verbal reasoning section tests your ability to read and understand complex texts, while the quantitative reasoning section tests your ability to solve math problems. The analytical writing section tests your ability to write clear and concise essays.

Test Format

The GRE General Test is a computer-based test that is administered at testing centers around the world. The test is divided into three sections: verbal reasoning, quantitative reasoning, and analytical writing. The verbal reasoning section consists of 40 multiple-choice questions and has a time limit of 60 minutes. The quantitative reasoning section consists of 40 multiple-choice questions and has a time limit of 75 minutes. The analytical writing section consists of two essays and has a time limit of 60 minutes.

Scoring

The GRE General Test is scored on a scale of 130 to 170 points. The verbal reasoning section is scored on a scale of 130 to 170 points, the quantitative reasoning section is scored on a scale of 130 to 170 points, and the analytical writing section is scored on a scale of 0 to 6 points. The average score on the GRE General Test is 150 points.

Preparation

There are a number of things you can do to prepare for the GRE General Test. First, you should familiarize yourself with the test format and content. You can do this by taking a practice test or by reading the Official Guide to the General Test. Second, you should practice the types of questions that you will see on the test. You can do this by using practice materials from the Educational Testing Service (ETS), the organization that administers the GRE General Test. Finally, you should develop a study plan that will help you to prepare for the test in a comprehensive and efficient way.

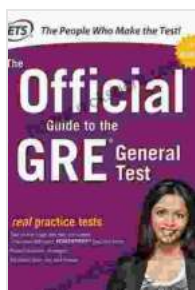

Test Day

On test day, you should arrive at the testing center at least 30 minutes early. You will need to bring your admission ticket, a valid form of identification, and a pencil or pen. The testing center will provide you with a calculator and scratch paper. You will not be allowed to bring any other materials into the testing room.

After the Test

After you have taken the GRE General Test, you will receive a score report in the mail. Your score report will include your scores on the verbal reasoning, quantitative reasoning, and analytical writing sections. You will also receive a percentile rank, which indicates how your scores compare to the scores of other test takers. You can use your score report to apply to graduate schools.

The GRE General Test is an important test that can help you to get into the graduate school of your choice. By following the tips in this guide, you can prepare for the test and achieve your desired score.
